Flowers for my fall wedding were absolutely beautiful arrangements. The pictures with different color bouquets came out amazing. Service was wonderful, and prices are great and very reasonable considering the closeness to the heart of downtown Indy. Thank you again for helping make my special day perfect.

B Teague was a rude door to door solicitor (which is against the law in our city) Our kindness was meant with hostility, because we had a dog visiting our store. The dog does not belong to me, but we do welcome customers with their animals to our store. Thank you and have a good day sir!

I ordered from their website and received an email from them stating they did not have exactly what I ordered. They asked to upgrade at no additional costs to me. I gave them permission and the arrangement was beautiful. I will use them again.
